### Soleil et Lune dans le signe du Bélier

- Nouvelle **Lune** signifie que la **Lune** a rejoint le **Soleil** et forme une conjonction exacte. Les 2 **luminaires** se trouvent au même endroit, à 19 degrés du signe du **Bélier**.
- Cette Nouvelle **Lune** qui a donné rendez-vous au **Soleil** dans le 1<sup>er</sup> signe de la roue astrale, forme une conjonction avec le **Nœud Nord** ce qui correspond à une **éclipse** qui sera visible en Amérique du Nord et au Canada.
- Lors d'une **éclipse**, l'énergie est décuplée en **puissance** et en **temps**. Cette énergie astrale qui est une force en action qui génère un mouvement, des émotions, certainement, mais des changements dans la matière aussi. Dans ce signe du **Bélier** se retrouvent donc la **Lune** et le **Soleil** joint à **Kyron** (le guérisseur blessé) ainsi que le **Nœud Nord** et **Mercur**e. Cela en fait du monde dans ce signe de Feu, ce signe qui initie un nouveau départ. Avec le **Bélier**, ça bouge, ça démarre, on y va, l'humeur est joyeuse, il y a de l'entrain, on sait ce que l'on veut et on met tout en œuvre pour l'obtenir.
- Bien sûr, d'autres configurations viennent nous **challenge**r, on détaille tout ça dans l'audio. De plus, nous attendons tous la **conjonction** exacte de **Jupiter** et **Uranus** dans le signe du **Taureau**. Ces 2 planètes lentes qui seront au même degré, 22°, le 21 avril. Si vous avez votre **carte du ciel**, regardez dans quel maison se trouve ce degré du **Taureau** (cela vous indiquera dans quel domaine ce soubresaut va vous impacter – les champs d'expérience des maisons sont détaillées en fin de ce document). Observez également ce qui se trouve entre **15 et 28 degrés** dans tous les autres signes et spécifiquement dans le signe du **Scorpion** (en face), du **Lion** et du **Verseau** (en carré). Cette conjonction se forme tous les 12 ans et est spécialement puissante cette année vu la rentrée de **Pluton** dans le **Verseau** (signe d'Uranus). Sans compter que le **Soleil** (qui nous représente) sera juste rentré dans le Taureau et les rejoindra tout bientôt !
